DESCRIPTION

Originally developed as a candidate for the Joint Combat Pistol (JCP) and Combat Pistol (CP) programs administered by the U.S. military in their search for a new service handgun, the HK45 is a product improvement of the highly-regarded and ultra-reliable HK USP45 introduced in the 1990s. New user-inspired enhancements found on the HK45 include changeable grip panels (backstraps), an improved accessory rail (MIL-STD-1913), better ergonomics, and ambidextrous slide releases.

Well-suited for personal defense use, these "Limited Edition" pistols will be among the first HK pistols produced by HK's American manufacturing & assembly operation. The right slide will be laser engraved with personalized information and the left side of the slide will be laser engraved with image or logo design of choice. **LIMITED AVAILABILITY. ALL ORDERS MUST BE PREPAID. PLEASE ALLOW 90-DAYS FOR DELIVERY.**

ORDERING (no sales to California or Massachusetts)

SUBMIT THE FOLLOWING to **MOD Specialties**
